

## AHORA Inc Open Class Rules

1. All AHORA Inc General Class Rules and AHORA Inc Definitions apply to the Open class.
2. **Eligible Chassis:** Any chassis meeting the criteria of these rules.
3. **Chassis:** Any chassis manufactured from plastic or a similar lightweight material shall be allowed.
4. **Armature Magnets:** Any armature magnets shall be allowed.
5. **Traction Magnets:** Any traction magnets shall be allowed.
6. **Flux Collectors:** Flux collectors shall be allowed.
7. **Armature:** Any armature shall be allowed.
8. **Electrical System:** Any electrical system shall be allowed.
9. **Bearings:** Any bearings shall be allowed.
10. **Spacers:** Any spacers shall be allowed.
11. **Gears:** Any gears shall be allowed.
12. **Guide Pin:** Only one guide pin shall be allowed.
13. **Axles:** Any axles (minimum/maximum of two) shall be allowed.
14. **Rims:** Any rims (minimum/maximum of four) shall be allowed.
15. **Tyres:** Any tyres shall be allowed.
16. **Body:** Any Sedan/GTP/Sports Car soft body manufactured from lexan or a similar lightweight material shall be allowed. Body shall be suitably painted with a minimum of one car number to be displayed on the body at all times. Body shall be securely anchored to the chassis and cover a minimum of 75% of each rim when viewed from above. Body shall be a replica of an actual car. Body shall not be fitted with any air control devices that are not part of the original body mould.
17. **Final Ruling:** Any car or device that is considered hazardous to the track, the marshals, other drivers, or other cars, shall be declared illegal and the AHORA Inc appointed Officials presiding at the race shall have the final ruling.
